

The Centre for Mathematical Biology and the Pacific Institute for the Mathematical Sciences

Period of Concentration in Mathematical Ecology and Evolution

LECTURE SERIES

PIMS DISTINGUISHED VISITOR

Dr. Roger Nisbet

Dept. of Biological Sciences
Ecology, Evolution &
Marine Biology
University of California

Sept. 29, 2004: *Population Cycles*, Ecology Seminar
University of British Columbia

Oct. 5, 2004: *Single Species Dynamics in Complex Food Webs*,
Ecology Seminar at the University of Calgary
Room: Bio.Sci. 211 at 4:00 p.m.

Oct. 7, 2004: *Dynamic Energy Budget Model*, Ecology Seminar
University of Calgary
Room: Bio.Sci. 211 at 2:00 p.m.

Oct. 12, 2004: *Population Dynamics with Unidirectional Flow*,
Seminar in Mathematical Biology
University of Alberta
Room: CAB 657 at 1:00 p.m.

Oct. 15, 2004: *Ecological Indicators*, Ecology Seminar
University of Alberta
Room: Bio.Sci. M 145 at noon
