

The Pacific Institute for the Mathematical Sciences
and the
**Centro de Modelamiento Matemático, University of
Chile**

invite applications for two

**Postdoctoral Fellowships in Mathematical
Economics.**

The fellowships are part of the cooperative research group

**The Economics and Finance of Climate Risk and
Natural Resources.**

Successful candidates have a PhD in Economics, Mathematics or Operations Research, an exceptional record in research and teaching, and a strong interest in interdisciplinary work at the interface of economic theory and mathematical modeling.

The initial appointment will be for one year, with continuation contingent upon research and teaching performance.

Applicants should send a CV including a list of publications, preprints, reprints, a statement of research and teaching interests and arrange for three letters of recommendation to be sent to:
