

2006 CSC/PIMS Distinguished Speaker Series in Applied and Computational Mathematics at Simon Fraser University

Vancouver Water Panoramic kindly provided by Tourism Vancouver/John Sinal.

The CSC/PIMS Distinguished Speaker Series for 2006 is:

Friday February 10, 2006 2:30pm
Robert Kohn (Courant Institute):
Energy-driven Pattern Formation

Monday May 8, 2006, 2:30pm
Stanley Osher (UCLA):
Mathematics in the Real World and the Fake World

Monday June 5, 2:30pm
Andrew Stuart (Warwick):
Stochastic PDEs for Sampling Conditioned SDEs

All talks will take place in the IRMACS Centre Theatre at SFU. Receptions will follow the talks.

The series is co-sponsored by:

The Centre for Scientific Computing at SFU

The Pacific Institute for the Mathematical Sciences

Interdisciplinary Research in Mathematical and Computational Sciences at SFU
