

Joseph Ansong
Mathematics/statistics, Fluid dynamics
jansong@math.ualberta.ca

EDUCATION: B.Sc.(Mathematics)(Ghana,1999), M.Sc.(Engineering Mathematics)(The Netherlands,2003), Ph.D.(2004-Present,University of Alberta).

AWARDS: Overall best final year student(University of Cape Coast, Ghana,1999), Pro Vost Doctoral Award (University of Alberta, 2004-2005), Josephine Mitchell Award (University of Alberta, 2005), Graduate Student Teaching Award (University of Alberta, 2007).

TEACHING EXPERIENCE: Teaching experience at the universtiy (2000,2004-2007), high school(2000/2001), and junior high (1995/96).

INTEREST IN SUMMER SCHOOL: I am interested in studying the generation of internal waves when convective storms impinge upon a stratified layer in the atmosphere. I think this summer school will be a very good learning experience for me and a chance to meet other graduate students and academics interested in this area of study.

SUPERVISOR: Bruce R. Sutherland, Dept. of Math/Stat, University of Alberta, T6G 2G1,Edmonton, Alberta,Canada. E-mail: bruce.sutherland@ualberta.ca
