

Jahanshah Davoudi
Physics, University of Toronto
jahan@atmosp.physics.utoronto.ca

I am a research associate working with Norm Mcfarlane and Ted Shepherd on the self-consistency of convective parametrization and stochastic variations adapted to it. The correlation of my work with the topics taught and discussed in the program obviously motivates me to participate in the program.

Ted Shepherd, 60 St. George Street, Toronto M5S 1A7 Canada tgs AT atmosp.physics.utoronto.ca Tel: (416) 978-2931 Fax: (416) 978-8905

Norm Mcfarlane Scientist Emeritus Canadian Centre for Climate Modelling and Analysis ISC 263 Tel: (250)363-8227 Fax: (250) 363-8247 E-mail: Norm.Mcfarlane@ec.gc.ca
